Dressing rooms, showers and toilets

No dressing rooms in the competition center. Showers for women at Martti Talvela campus, follow a marked route to the campus. For men, facilities at Sampola water sports center.

Toilets available at the competition center and start zone. In addition, plenty of toilets at Sampola and Martti Talvela campus.

Children´s daycare

Day care at Martti Talvela campus – open from 8:00. Day care need for children under 1 year old must be informed beforehand, by Friday, Sept 10 at 18:00 to: hanna.vaisanen98@gmail.com. Please inform the age and possible special needs.

Terrain

Competition terrain consists of streets, walkways, pavements and paths as well as yards of detached- and semi-detached houses, yards of public buildings and lawnbased parks. Forest parts also included in the area.

House companies in competition area have been very positive for organizing of the competition. Please note the olive green yards and forbidden vegetation markings. In the places open to interpretation, course setters have used yellow-red-tape with “stop” text to make them easier to see.

Laundry drying racks or childrens swings in the yards are not marked in the map. Some of them and the clothes lines are fairly low. In order them to be more visible, plastic band/ tapes are hanging on them.

In the competition area, there are some artificial fences build for this competition described in the map as impassable wall (518). **A purple raster of the forbidden area is drawn on the map in connection with the temporary fences in the agglomeration. There is no purple raster on campus due to map readability.**

In the qualification, approximately 40 % of the terrain is asphalt or other hard surface, 30% grass of gravel and 30 % forest.

In the finals, approximately 70% of the terrain is asphalt or other hard surface and 30% grass or gravel.

Running shoes recommended. Spiked or studded shoes are not allowed to be used.

Terrain control and traffic controllers

There are about 50 controllers in the terrain. The controllers won't advise the competitors. If a competitor breaks the rules, the controller will make a disqualification proposal. The breaking of rules cannot be reversed by the competitor. For example, if crossing a forbidden vegetation, it cannot be fixed by returning the same route, thus doing the same error again. The same applies for crossing a forbidden road. Mostly, the forbidden areas and symbols in the map are to protect the harming of the area/symbol and to ensure the safety of the competitor..
